

CIP Detergent

DESCRIPTION & BENEFITS

CIP DETERGENT is a Clear viscous liquid with no odour. It is a blend of Caustic Soda and other sequestering agents to assist removal of organic soil including heat polymerised soils.

CIP DETERGENT is typically used in Food & Beverage, Daily and Meat processing plants for cleaning of Stainless steel tanks and equipment.

- ✓ Works in hard & soft water
- ✓ Economical

DIRECTIONS FOR USE

Should be used at concentrations from 0.5 - 3% depending on soil levels. CIP Detergent should be circulated for 15 - 30 minutes at 60-80°C for normal soil. For heavy soil circulate it for 30-60 minutes at 5°C above processing temperature.

Code No 721

ENVIROMENTAL ASPECTS

- ✓ NP- NO Phosphate
- ✓ Biodegradable Surfactants
- ✓ Safe for food processing areas & septic tanks when used according to dilution instructions
