

Product Catalogue 2021

Cleaning systems for maximum
performance and productivity

High-performance cleaning. Low total costs.

Isn't that what you are looking for?

Welcome inside the Vileda Professional product catalogue! This is where you will find the products and solutions that satisfy your professional needs for cost-efficient, high-performance cleaning. Leading products are only part of the Vileda Professional offer. Work with us and we will also support you with intelligent, value-adding services that will sharpen your competitive edge.

"Listen and learn" is a mantra to us

We are the partner that listens more than we talk. We are the company that is constantly launching innovative and high-performance cleaning solutions for your professional business. So you can make sure that office workers feel comfortable, hospital patients get well, hotel guests enjoy their rooms and pharmaceuticals are produced without contamination.

Be sure we are the experts in cleaning

Since 1948 we have provided the cleaning industry all over the world with innovative and high-performance cleaning solutions that make a real difference.

We bring down bacteria levels and infection rates. We help to keep premises looking clean and attractive. We provide ergonomic tools that keep the cleaning staff healthy and personnel costs at bay.

All of this leads to a lower total cost-in-use.

Always change a winning concept

Every year we invest heavily in developing concepts and solutions that will strengthen your business position in the cleaning industry.

Behind our products are all the advantages that make working with us a profitable choice for your business – research and development, materials selection and production methods, testing, testing and more testing.

Be sure we are constantly developing and changing our winning concepts, to become even better in developing the best solution for your particular needs.

Let's do business

Our credibility is underpinned by success stories from our satisfied customers. When listening to our customers, this is some of the feedback we receive and learn from:

- ✓ Top contamination control
- ✓ Excellent bacteria pick-up, without need for chemicals
- ✓ Lower infection rate in hospitals
- ✓ Lower staff absentee rate
- ✓ Lower personnel costs
- ✓ Lower total cleaning costs

Explore the extensive product catalogue – and visit www.vileda-professional.com – we will be more than happy to do business with you.

Wiping and Scouring

Which properties do you need? High absorbency for wet surfaces? Absolutely streak-free, lint-free cleaning for glossy surfaces? Removal of grease and stubborn fingerprints in a single wipe – without chemicals?

Which method suits your cleaning and hygiene tasks best? Bucket method? Spray-cleaning system or pre-preparation of cloths? Vileda Professional's comprehensive range includes cloths for every need and every system, from economical semi-disposables to advanced microfibres.

Microfibre Cloths

Nothing cleans deep like microfibres. One wipe removes both grease and fingerprints, with no scrubbing or drying afterwards.

How? The ultrafine microfibres literally scrape and absorb dirt from the surface, leaving behind nothing but tiny water droplets. You save time and money, especially since you can do the job with a minimum of chemicals – or none at all.

Non-woven Microfibre Cloths

MicronQuick

Revolutionary new technology of microfibre production leading to finest split microfibre.

- Superior cleaning performance
- 99.99% virus removal*
- 99.99% bacteria or germs removal (Certified by BMA)
- Streak-free and lint free cleaning
- Improved wear resistance
- Ideal for the pre-prepared cleaning method (see instructions p7).

152111	MicronQuick, yellow	38 x 40	5	20	

PVAmicro

PVAmicro is a unique, innovative all-purpose cloth made from microfibre fabric impregnated with PVA.

- Microfibres ensure perfect cleaning performance on almost all surfaces
- High water absorbency for streak-free wiping without after-drying
- Holds 40 times less particle residue after rinsing, compared to ordinary knitted microfibre cloth. Non-woven microfibre cloth
- 99.996% virus removal*

How to Pre-prepare – MicroOne

* Externally Tested by an independent Laboratory on the removal of bovine coronavirus (BCoV). BCoV belongs to the family of the Coronaviridae and is member of the genus Betacoronavirus as well as the SARS-associated coronavirus, SARS-CoV-1 and SARS-CoV-2. ** Externally Tested by an independent Laboratory on the removal of bacteria.

Trust the Plus

Safe Powerful: SafePlus System Maxi

The safest way to dispense single use microfibre wipes

* Externally Tested by an independent Laboratory on the removal of bovine coronavirus (BCoV). BCoV belongs to the family of the Coronaviridae and is member of the genus Betacoronavirus as well as the SARS-associated coronavirus, SARS-CoV-1 and SARS-CoV-2. ** Externally Tested by an independent Laboratory on the removal of bacteria.

A Plus in Hygiene is paramount

The OECD/European Union estimates that about 90,000 people in the EU die each year from healthcare associated infections. Large parts of these infections are considered preventable through better infection prevention and thorough cleaning.

To achieve a high level of hygiene, the cleaning and disinfection of surfaces in hospitals is becoming increasingly important.

That's why Vileda Professional offers you the most hygienic and safe cleaning solutions for surface cleaning and disinfection.

The Plus in Hygiene

MicronRoll Maxi single use wipes achieves highest grades in cleanliness with single use microfibre wipes:

- ✓ Rapid and most hygienic cleaning of all surfaces
- ✓ Effective cleaning of high-risk areas
- ✓ No risk of cross-contamination

The Plus of Microfibre

SafePlus MicronRoll Maxi cleans and disinfects at the same time:

- ✓ Single use microfibre wipes show by far a better performance than non-microfibre wipes
- ✓ 99.98% of bacteria and germs and 99% of virus are removed from surfaces, without disinfectants (certified by an independent institute)*
- ✓ Just add the cleaning agent or disinfectant of your choice and bring hygiene to highest level

Instructions

Stages of preparation and dosage recommendations. Chemical label is included to track preparation:

NEW SafePlus System Maxi

Our SafePlus Cleaning System is designed for safe and hygienic pre-preparation, use and storage of single use wipes.

SafePlus MicronRoll Maxi

- ✓ Made from the finest microfibres for superior cleaning performance
- ✓ Efficient removal even of fatty dirt
- ✓ 99.98% bacteria and germs and 99% virus removal certified by independent institute*
- ✓ Very high absorbency for good spill pick-up

SafePlus Dispenser Maxi

- ✓ Hygienic dispenser system with antibacterial and self-closing flexible lid
- ✓ Easy to use in many areas with different cleaning frequencies and flexible to store

Article No.	Description	Size in cm	Pieces/pack	Packs/case	Application
166914	SafePlus MicronRoll Maxi, blue (120 wipes)	28 x 30		6	+

The Plus in Functionality

SafePlus Dispenser Maxi is our safest and most innovative dispenser system in the market:

- ✓ Sealed foil of roll fits perfectly in the dispensers – providing extra safety in preparation, use and storage
- ✓ Easy to use in many areas with different cleaning frequencies and flexible to store

The Plus in Safety

SafePlus Dispenser Maxi is our safest and most innovative closing system in the market:

- ✓ The first with an antibacterial self-closing flexible lid – never leave the dispenser open again
- ✓ Certified antibacterial properties on the flexible lid
- ✓ Flexible lid remains antibacterial even after 80x autoclave cycle

SafePlus MicronRoll Maxi + SafePlus Dispenser Maxi

PVA Cloths

Vileda PVA cloth is made off high-quality PVA material. Thanks to its good slippage it offers easy cleaning on all surfaces. Because of the excellent drying there is no need to wipe a second time. It is very resistant when it comes to leaching and it is very durable. Usage Ideal for economic damp and maintenance cleaning.

NEW PVA Perfo

- ✓ Extra high absorbency
- ✓ Chemical resistant
- ✓ High durability

508484	PVA non Perforated - Bulk	67 x 58	1	400	+

PurActive

Effect of PurActive wave-shape

PurActives special coating easily lifts stubborn grime whilst being gentle on all hard surfaces. It cleans three times more effectively than traditional non-scratch scourers and is more gentle on surfaces than a traditional abrasive scourer. Instead of scratching the dirt away like a traditional scourer, the special wave shaped surface structure lifts the dirt from the surface without scratching resulting in time savings through faster more powerful cleaning.

PurActive

- ✓ Easily lifts grease and grime
- ✓ Gentle on all hard surfaces
- ✓ Fits comfortably in your hand
- ✓ Colour coded to help prevent cross contamination

Floor Cleaning

As all sites differ in size, floor coverings, volume of traffic, hygiene and health and safety requirements one floor cleaning system is not sufficient to meet all needs. That is why Vileda Professional offers a comprehensive range of solutions from the standard leading Sweb Pre-prepared system, through to the UltraSpeed Pro, UltraSpeed Mini and SuperMop. By choosing the correct system for your requirements you can achieve better performance, ergonomics and lower your overall total cost-in-use.

UltraSpeed Pro

Ultra Speed Pro is the most up to date, best performing flat mop bucket and press system on the market. It is so easy to use it needs no training and is adaptable to suit all sites. Start with the single bucket system for general floor cleaning or add a second bucket onto the chassis and you have a double bucket system for mopping larger areas. If you want to fulfil more cleaning tasks you can use the second bucket to carry chemicals, cloths, paper etc. Whatever the cleaning requirements, UltraSpeed Pro will dramatically raise your standards in speed, performance/costs, versatility and ergonomics.

- ✓ Able to clean over 750m² per hour in a single step or 360m² two step process
- ✓ Fast wringing – simple to use and twice as fast
- ✓ Efficient press – releases up to 50% more water
- ✓ Floors dry faster – reduce slip hazards

- ✓ Hygienic – no hand contact with mops or cleaning solution
- ✓ The fastest bucket and press microfibre mopping system
- ✓ Easy to use – no training required
- ✓ Ergonomic – lightweight, no bending to wring

Trolleys

The new Origo 2 sets a new benchmark among cleaning trolleys. Offering improved hygiene, higher efficiency, greater safety for users and sites as well as full integration of tablets and digitally aided cleaning devices.

Push button opening lids, storage for multiple tools, separable satellite trolleys and a unique in-lid tablet/pad storage solution allowing users to see and respond to push messages are just a few of the innovative features on offer.

The new Origo 2 further expands the existing VoleoPro and Origo trolley ranges.

The image shows two OriGO 2 trolley systems in a modern building lobby. The trolleys are white and black, with multiple compartments and wheels. A red circular graphic highlights six key features: OriGO SAFER, OriGO SMARTER, OriGO CLEANER, OriGO GREENER, OriGO FASTER, and OriGO FLEXIBLE. The background features large windows and a modern interior design.

 OriGO SAFER

 OriGO SMARTER

 OriGO CLEANER

 OriGO GREENER

 OriGO FASTER

 OriGO FLEXIBLE

The new OriGO 2

Today, trolley systems are expected to do more than carry cleaning products and tools. OriGO 2 rises to meet this challenge with new innovative features and seamless digital integration – all designed to offer you greater safety and connectivity, improved hygiene and higher efficiency. In short: perfect, validated cleaning results.

OriGO FURTHER

Efficiency

Intuitive, faster cleaning

- ✓ Satellite trolleys: waste, pre-prepared or bucket & press
- ✓ New mop and storage boxes, compatible with all pre-prepared mops and equipment
- ✓ Divider allows dosing of a full or half box of mops to save chemicals and laundry
- ✓ Vertical tool storage for up to four mops of any width (25 cm to 75 cm)
- ✓ Motorised e-drive option for fast, easy movement on large sites

Hygiene

Cleaner operational and process management

- ✓ Hands-free lid opening for safe, clean operation
- ✓ Clearly defined sections keep waste well away from clean and used materials
- ✓ Protective lids on all buckets, boxes and trays keep contents clean
- ✓ Full colour coding of all elements
- ✓ Optionally split waste and used materials into 1, 2 or 3 sections

Security

Innovative design increases safety and peace of mind

- ✓ Secure your cleaning products and protect your clients' premises
- ✓ Lockable doors and top lids prevent unauthorised access to contents
- ✓ Hidden safety compartment for employees' personal items
- ✓ Soft-touch bumpers: no scuff marks and less damage to walls
- ✓ Foldable waste/used extension: even easier to store after use

Connectivity

Seamless integration of cleaning tools and digitally connected devices

- ✓ Supports tablets, e-drives, RFID tracking etc.
- ✓ World's first trolley featuring an in-lid tablet holder
- ✓ See and respond to push notifications directly, without opening or lifting the lid
- ✓ Compatible with any tablet and workforce management software
- ✓ Secure, fully lockable tablet storage to prevent theft

Sustainability

Taking responsibility for our environment

- ✓ Bucket and box range made from 50% recycled plastic meets international guidelines
- ✓ All elements of the trolley suitable for post-use recycling
- ✓ Recycled bucket and box range are black making them easy to identify
- ✓ Innovative logistics reduce CO₂ emissions from transportation

Customisation

Because every space, task and employee is unique

- ✓ All buckets, boxes and trays can be positioned anywhere
- ✓ Smart, integrated rail system with multiple height options for storage
- ✓ Seven different trolley types, each configurable to your specific requirements
- ✓ Compatible with all pre-prepared, bucket & press and waste systems

ORIGO 2 CONFIGURATOR

Because every space, task and employee is unique

Individualise your trolley on a daily basis – simply choose the positions that work for you. Buckets, boxes and waste can be rearranged very easily.

- Configure trolleys starting from one of six Skeletons
- Drag and additional components to create final trolley: buckets, boxes, lids, top lids, doors, etc.
- Copy and paste BOM and email to get a quote

- New functions available soon:**
- Active registration procedure for customers
 - 3D Visualised open/closed doors and top lids

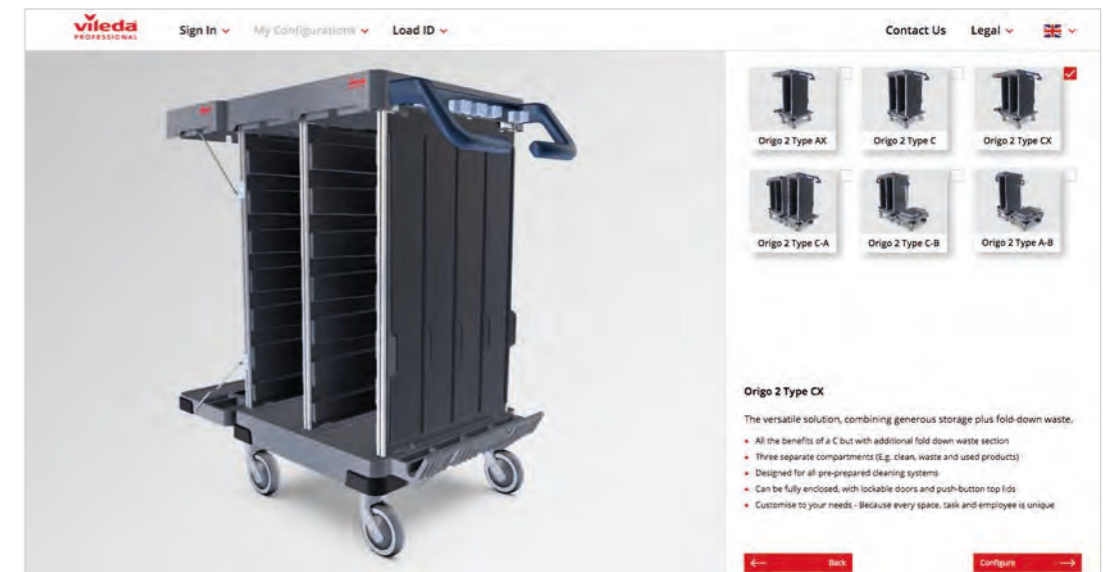

Configure your own

<https://myorigo2.vileda-professional.com>

CONFIGURE YOUR OWN

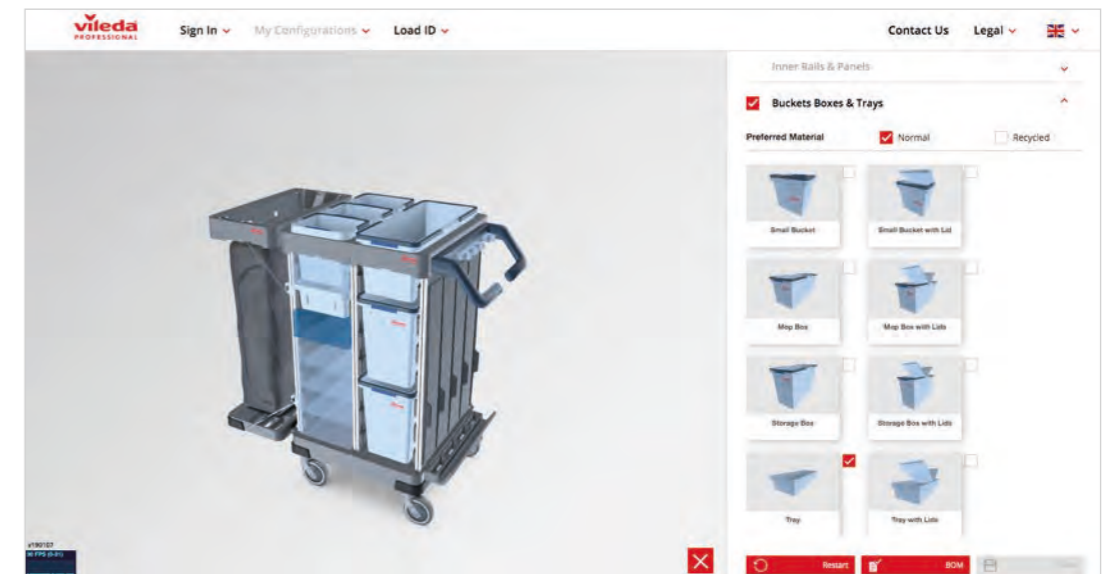

The Origo 2 online Configurator offers an easy step-by-step solution to customising your own Origo 2.

1 Choose your trolley model

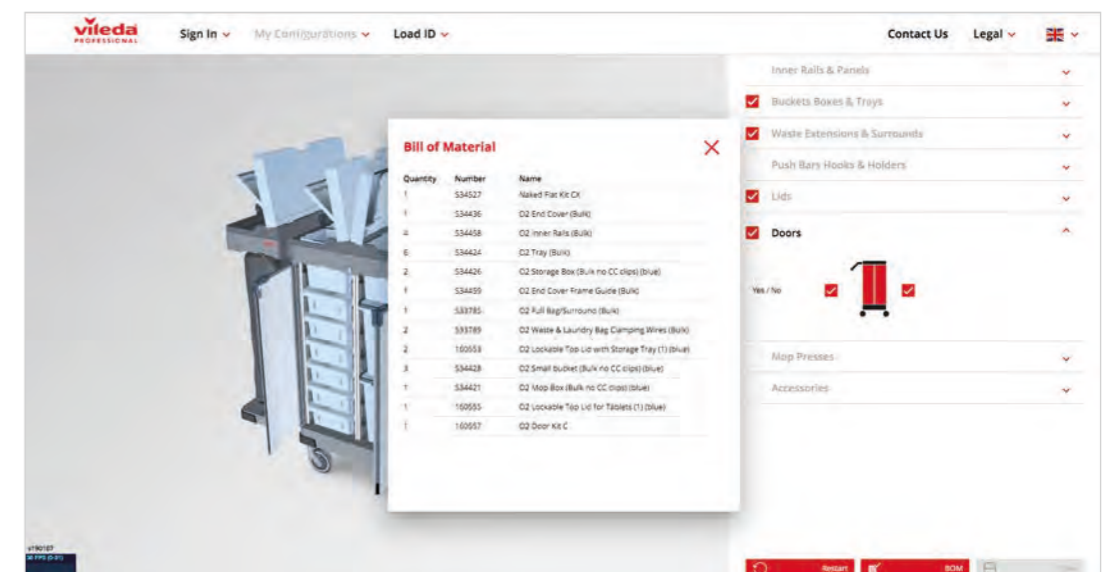

2 Add components

- Inner Rails & Panels
- Buckets Boxes & Trays
- Waste Extensions & Surrounds
- Push Bars Hooks & Holders
- Lids
- Doors
- Mop Presses
- Accessories

3 Review your Bill of Material list and submit for a quotation
